Canadian Foundation for Healthcare Improvement

Our strategy

Our aim
Accelerate healthcare improvement.

Our focus 2017-2018
Build improvement capacity and provide on the ground support to spread and scale proven innovations.

What we do
We work shoulder-to-shoulder with you to improve health and care for all Canadians.

Our focus 2017-2018
- Appropriate care closer to home
- Frail elderly
- Palliative care
- Mental health and addictions
- Indigenous health
- Northern and remote
- Population health

What we do
- Patient & family experience of care
- Health of populations
- Value-for-money

- Enable patient, family and community engagement
- Build leadership and skill capacity
- Apply improvement methodology and coaching
- Create collaboratives to spread evidence-informed improvement
